WELCOME TO THE 8TH EDITION OF THE **GIVING BACK** guide, a handy reference publication designed to connect nonprofits to volunteers and donors. Volunteerism is alive and well in Berkshire County, where the **value of a volunteer hour is \$39** according to Independent Sector! If you are developing yourself professionally, volunteering for a nonprofit can help you build valuable leadership skills. If you've just moved here in the past few years, volunteering is a great way to meet new people. And if you're thinking of retiring, please consider nonprofit board service as a way to stay engaged and use your skills. If you've never served before, you'll find some good information on our web site at <https://npcberkshires.org/join-a-board>. If you do find a connection within these pages, please share your story with me via email at liana@npcberkshires.org.

Mahatma Gandhi said, "The true measure of any society can be found in how it treats its most vulnerable members." This year we added a new section just for **food pantries and meal sites**. Food insecurity in Berkshire County remains a challenge following COVID and amidst inflation. Volunteering at and donating to these nonprofits ensures you have direct impact on the welfare of our community.

How is the Nonprofit Center of the Berkshires (itself a small nonprofit) able to distribute 15,000 Giving Back guides annually? We have some great partners whose names grace the cover of the guide, a generous

distribution arrangement with The **Berkshire Eagle**, wonderful advertisers, and support from the Commonwealth of Massachusetts in the form of an earmark secured by our **State Representative William "Smitty" Pignatelli**. We thank them all for helping NPC produce this resource.

With gratitude,

Liana Toscanini, Founder & Executive Director

Visionary Architect. Weekend wall-raiser. Leading donor.
A life well planned can offer each of us – any of us –

THE POWER TO GIVE.

The causes that inspire you are as unique as the life you lead. We all live and give differently, but the support of the right financial partner has the power to multiply generosity. It's our privilege to help people make an impact – and to make our own.

Food Pantries Need YOU!

Food insecurity is at an all time high across the nation, and Berkshire County is no exception. With rising food costs, and the end of pandemic era benefits, families are being faced with hard decisions of buying nutritious food or paying utility bills, medical costs, transportation costs, and other basic needs. Thanks to the tireless efforts of our community, Berkshire County is home to a robust network of emergency food sites including food pantries, meal sites, school district food distributions, senior centers, and other food access organizations. As the Executive Director of **Berkshire Bounty**, a food security nonprofit, I witness almost daily how the generous support and care of our community members provides nutritious food for our neighbors in need. **If you are looking to donate food, or your time, every bit helps support this network.**

Emergency food sites across the county are primarily volunteer run. **If you are interested in donating your time, contact Jenny Schwartz at jenny@berkshirebounty.org.**

There are a variety of ways to volunteer from delivering food boxes to families homes, or picking up and delivering purchased and donated food. We are mindful to indicate when there is heavy lifting involved (typically a minimum of 40-50 pounds).

Food can bring up a lot of emotions for a variety of reasons. Mostly, our volunteers see first hand the inequities of our food system. We ask that volunteers do their best to report to duty in a respectful manner. If anything comes up, please don't hesitate to contact us and share your thoughts.

Berkshire Bounty happily accepts monetary donations. This allows us to buy cases of fruits, vegetables, eggs, cheese and milk in large quantities for partnering food distribution sites.

Donating money is another a critical way to support this network and invest in community food security. The Giving Back guide is a good way to get to know the organizations doing this work.

Together we can reduce food insecurity, support health, and have a positive impact in our community.

MISSION

Love Of T's mission is to promote access to and address gaps in behavioral healthcare services while building relationships and fostering community conversations on how to promote systemic change.

PROGRAMS & OFFERINGS

Love of T believes that the solution to Berkshire's behavioral healthcare crisis is through providing peer support programming. A peer specialist is someone who shares the lived experience with having a psychiatric diagnosis and/or addiction. Studies show that when individuals work directly with a peer specialist, hospitalization rates go down, in-patient services go down, self-stigma goes down, and the individual shows an overall increase in empowerment and hope. Peer-specialist programs are an effective strategy to engage with people that traditional health services fail to reach.

Our goal is to reach everyone in Berkshire County who is navigating suicidal thoughts and connect them with a peer specialist. All of Love of T's programming is free.

In addition to the Giving Back guide, NPC produced a series of ten-minute videos called “Intro to Board Service” (available on the NPC web site) which explains the roles, responsibilities, and expectations of board members and offers tips on understanding finance and fundraising.

Volunteer Fairs, often in partnership with Berkshire United Way, are enormously

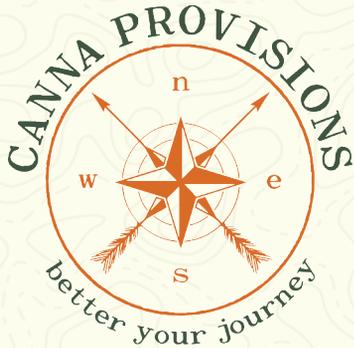

successful. For the curious, there is a ten-second video clip of a 2019 fair that shows the feverish level of excitement generated by 150 people eager to get involved. <https://npcberkshires.org/volunteer-fairs/>

Online board meetings are a positive development for nonprofits making it easier to attract new board members, including second-homeowners who would be able to attend Zoom meetings during the week from their primary residence. Many nonprofits will go forward with a hybrid board meeting model that combines the convenience of online meetings with occasional in-person sessions.

The pandemic brought new people to the area, some of whom stayed and are now looking to become more involved in their adopted community. That’s good news for Berkshire nonprofits. **To get an idea of available volunteer opportunities, check out Berkshire United Way’s online volunteer center at volunteerberkshireuw.org/.**

There is no better time to volunteer and join a board!
